Why USDC?

**Affiliated to State and
Central Government Projects.**

**Industry aligned curriculum
and well equipped labs.**

**Practical oriented training –
70% practical's and 30% theory.**

**Industrial / field visits to provide an
insight into internal working of industries.**

**Soft skills trainings in addition to
specific course curriculum.**

**Entrepreneurship development trainings
in addition to course curriculum.**

**Placement Linkages
with industry partners.**

**Expert placement team caters
placement support to the students.**

About USDC

Unique Education Society is an educational institution and engaged in providing vocational education and skill training through its training centers known as Unique Skill Development Center (USDC).

Vocational Training: USDC conducts industry-relevant and job-oriented vocational courses for aspiring youth. These courses are related to Electronics, Electrical, Telecom, Automotive, Mechanical, Information Technology, Apparel, Beauty and Wellness etc. The duration of these courses varies from 3 Months to 1 Year.

Corporate Training: USDC offers customized courses according to industry requirements to develop competency and improving the productivity of existing workforces. It's offering training need analysis, content development, training delivery at client location, and certification.

CSR Projects: USDC offers skill development programs funded by corporates / NGO as part of their CSR obligation which are specifically targeted at underprivileged youth. We create custom offerings that mobilize students, train them in the areas which have been mutually agreed on and empowering them to pursue sustainable livelihoods in the world of work.

Placement: USDC has an active placement cell and excellent linkages with various industries for placements. We work with partner industries and make sure all our students have job placement in the best companies.

Available Courses

USDC offers Employment & Self-Employment oriented short and medium term (3, 6 & 12 months duration) skill training programs across different sectors, as per listed below some key courses:

- **Electrician Mechanic**
- **AC & Refrigeration Mechanic**
- **Two Wheeler Mechanic**
- **Four Wheeler Mechanic**
- **Turner | Fitter | Welder**
- **CNC Operator & Programmer**
- **PC Hardware Technician**
- **Computer Operator**
- **Financial Accounting**
- **Web Designing**
- **Graphics Designing**
- **Smart Phone Technician**
- **Fashion Designing**
- **Beautician**

VALUE ADDED TRAINING

- Foundation Course
- Interactive Sessions
- Hands-On-Practicals
- Industrial Visits
- Communication Skills
- Digital Literacy
- Financial Literacy
- Life Skills
- Skill Competitions
- Technical Exhibitions
- Employability Skills
- Entrepreneurship Skill

IMPLEMENTATION METHODOLOGY

- 1 Mobilization** : Enrollment of unemployed youth for various skill development programs.
- 2 Counselling** : Counselling, prescreening and orientation process is conducted to recognize background knowledge and interest of candidate.
- 3 Skilling** : Training are conducted based on 70% Practical and 30% Theory in all courses.
- 4 Assessment** : Final Assessment of the candidates conducted in a manner of Theory and Practical Exam.
- 5 Certification** : USDC award Certificate of competency to successful candidates.
- 6 Placement** : Candidates are offered jobs after successful completion of course and necessary evolution.

PLACEMENT ASSISTANCE

USDC has an active placement cell and excellent linkages with various industries for placements. We work with partner industries and make sure all our students have job placement in the best companies.

PLACEMENT ASSISTANCE INCLUDES

- ◆ Soft Skills Training ◆
- ◆ Resume Preparation ◆
- ◆ Mock Interviews ◆
- ◆ Guest lectures by Industry Experts ◆
- ◆ Industry Visits ◆
- ◆ Job Fairs ◆
- ◆ Campus Placement ◆

LIST OF THE SOME POTENTIAL EMPLOYERS

ENTREPRENEURSHIP DEVELOPMENT PROGRAMS

If the candidates are willing to do their own business instead of doing the job, USDC provides guidance to them in Entrepreneurship Development. This guidance is given by USDC through the following nominated organization in the Entrepreneurship Development Training field.

Diploma Course in Electrical Engineering Services

- Handling of Tools, Equipment's & Measuring Instruments
- Awareness of Safety Precautions
- Basics of Analog & Digital Electronics
- Repairing and Maintenance of Home Appliances
- Domestic and Industrial Wiring
- Inverter, Generator, Transformers
- Starters, Motors, Alternators
- Industrial Electricals, Control Panels and Drive Systems
- Power Transmission and Distribution System
- Lift Operations

Certificate Course in Electrician Mechanic

- Handling of Tools, Equipment's & Measuring Instruments
- Awareness of Safety Precautions
- Basics of Analog & Digital Electronics
- Repairing and Maintenance of Home Appliances
- Domestic and Industrial Wiring
- Inverter, Generator, Transformers
- Starters, Motors, Alternators
- Basics of Industrial Electricals

CAREER OPPORTUNITIES

- Residential and Commercial Wiring Work
- Repairing of Home Appliances ● Sales of Electrical Products
 - Electrical Maintenance in Companies
- Service in electrical manufacturing companies, contractors firms, electrical goods shops, electrical workshops, service centers etc.
- Assembly and Installation of Panel Boards ● Motor Winding and Rewinding Work
 - Installation/Maintenance Contracts ● Wireman License

Diploma Course in AC and Refrigeration Mechanic

- Handling of Tools, Equipment's & Measuring Instruments
- Awareness of Safety Precautions ● Basics Electricity and Electronics
- Air conditioning and refrigeration systems parts
- Compressors and System support accessories
- Breezing, Gas Charging
- Maintenance and installation of Washing Machine,
- Window AC, Split AC, Air Cooler, Water Cooler,
- Refrigerator (Fridge), Deep Fridge, Bottle Chiller.
- Centralize AC plant, Cold Storage Room ● HVAC System

Certificate Course in AC and Refrigeration Mechanic

- Handling of Tools, Equipment's & Measuring Instruments
- Awareness of Safety Precautions
- Basics Electricity and Electronics
- Air conditioning and refrigeration systems parts
- Compressors and System support accessories
- Breezing, Gas Charging
- Maintenance and installation of Washing Machine,
- Window AC, Split AC, Air Cooler, Water Cooler,
- Refrigerator (Fridge), Deep Fridge, Bottle Chiller.

Career Opportunities

- Repairing and maintenance of refrigerators, air- conditioners,
 - Water Coolers, Washing machines etc.
- Installation and maintenance of centralized AC plants, cold storages etc.
 - Home appliances sales and service outlet.
- Assembly and testing of refrigerators and Air-conditioners in manufacturing companies
- Sales of refrigerators, air-conditioners, water coolers etc.
 - Maintenance Contracts

Diploma Course in Automobile Engineering Services

- Handling of Tools, Equipment's & Measuring Instruments
- Awareness of Shop Floor Equipment's ● Awareness of Safety Precautions
- Knowledge of Engineering Tools
- Awareness of Petrol and Diesel Engines of Two, Three & Four Wheeler Vehicles.
- Do Servicing, Overhauling, Lubrication Work, Wheel Alignments of Two, Three & Four Wheeler Vehicles.
- Diagnose, Dismantle, Inspection of vehicles of Two, Three & Four Wheeler Vehicles.
- Trace out Fault of Engines, Gear Box, transmission System, Suspension System, steering systems, Brakes, Electronic Components, Wiring, and Accessories etc. and repair them.
- Study of Hydraulic Systems, Air-conditioning systems

Certificate Course in Four Wheeler Mechanic

- Handling of Tools, Equipment's& Measuring Instruments
- Awareness of Shop Floor Equipment's ● Awareness of Safety Precautions
- Knowledge of Engineering Tools
- Awareness of Petrol and Diesel Engines of Four Wheeler Vehicles.
- Do Servicing, Overhauling, Lubrication Work, Wheel Alignments of Four Wheeler Vehicles.
- Diagnose, Dismantle, Inspection of vehicles of Four Wheeler Vehicles.
- Trace out Fault of Engines, Gear Box, transmission System, Suspension System, steering systems, Brakes, Electronic Components, Wiring, & Accessories etc. & repair them.
- Study of Hydraulic Systems, Air-conditioning systems

Certificate Course in Two Wheeler Mechanic

- Handling of Tools, Equipment's & Measuring Instruments
- Awareness of Shop Floor Equipment's
- Awareness of Safety Precautions and Knowledge of Engineering Tools
- Awareness of two stroke and four stroke Engines of Two Wheeler.
- Do Servicing, Overhauling, Lubrication Work, Wheel Alignments of Two wheeler.
- Diagnose, Dismantle, Inspection of vehicles of Two Wheeler Vehicles.
- Trace out Fault of Engines, Gear Box, transmission System, Suspension System, Brakes, Electronic Components, Wiring, Accessories etc. and repair them.

Career Opportunities

- To Start Own Repair, Maintenance and Service Workshop of Two, Three and Four Wheelers.
 - Sales of Automobile Spare Parts
 - Job at Automotive Service Centers

Diploma Course in Mechanical Engineering Services

- Handling of Tools, Equipment's& Measuring Instruments
- Awareness of Shop Floor Equipment's ● Awareness of Safety Precautions
- Knowledge of Engineering Tools ● Develop adequate knowledge of engineering drawing
- Develop skills in fitting and bench work
- Sound working and operational knowledge of different machine tools like - lathe machine, power hacksaw, drilling machine, grinding machine, CNC lathe machine.
- Develop adequate knowledge of Maintenance of machine tools.
- Develop adequate knowledge of modern and sophisticated machining operations.
- Develop adequate knowledge of jigs and fixtures.
- Knowledge of CNC programing and tooling.

Certificate Course in Turner-Fitter

- Handling of Tools, Equipment's& Measuring Instruments
- Awareness of Shop Floor Equipment's ● Awareness of Safety Precautions
- Knowledge of Engineering Tools ● Develop adequate knowledge of engineering drawing
- Develop skills in fitting and bench work
- Workshop Calculation and Knowledge of Vernier Caliper and Micrometer
- Knowledge of Turning work and Fitting Work
- Sound working and operational knowledge of different machine tools like - lathe machine, power hacksaw, drilling machine, grinding machine.
- Develop adequate knowledge of Maintenance of machine tools.

Certificate Course in CNC Machine Operating and Programming

- Handling of Tools, Equipment's& Measuring Instruments
- Awareness of Shop Floor Equipment's ● Awareness of Safety Precautions
- Knowledge of Engineering Tools
- Sound working and operational knowledge of different machine tools like - lathe machine, power hacksaw, drilling machine, grinding machine, CNC lathe machine.
- Develop adequate knowledge of Maintenance of machine tools.
- Develop adequate knowledge of modern and sophisticated machining operations.
- Develop adequate knowledge of modern and sophisticated machining operations.
- Develop adequate knowledge of jigs and fixtures.
- Knowledge of CNC programing and tooling.

CAREER OPPORTUNITIES

- To Start Own Engineering / Fabrication Workshop ● Sales of Mechanical Spare Parts
- Sales and Service of workshop machines and tools ● Mechanical maintenance in manufacturing companies
- Assembly work in manufacturing company ● Service in mechanical engineering sector companies

Diploma Course in Computer Hardware and Networking

- Handling of Tools, Equipment's& Measuring Instruments
- Basics of Analog and Digital Electronics
- Familiarize with Computer hardware parts and accessories
- Familiarize with Laptop hardware parts and accessories
- Input Output Devices, Storage Devices, Multimedia Devices
- Computer Assembling and Disassembling ● Partitioning and forming
- Operating system and drivers installation
- Devices Installation, Software's installation
- Preventive maintenance, Troubleshooting
- Networking Devices – Modems, Switches, Routers
- Server Technology, Servers Installation and Maintenance
- Installation and Maintenance of Wire and wireless networks

Certificate Course in Hardware Technology

- Handling of Tools, Equipment's& Measuring Instruments
- Basics of Analog and Digital Electronics
- Familiarize with Computer hardware parts and accessories
- Input Output Devices, Storage Devices, Multimedia Devices
- Computer Assembling and Disassembling ● Partitioning and forming
- Operating system and drivers installation
- Devices Installation, Software's installation
- Preventive maintenance, Troubleshooting
- Networking Devices – Modems, Switches, Routers
- Basics of Wire and wireless networking

CAREER OPPORTUNITIES

- Repairing and maintenance of Desktops and Laptops and Computer Devices.
 - Sales of Computers, Laptops, Accessories and Spare Parts
 - Installation and maintenance of computers and Laptops
- Assembly and testing work of computers and devices in manufacturing companies
 - Wired and Wireless Network Installation and maintenance
 - Annual Maintenance Contracts (AMC's)

Diploma Course in Computer Application-Financial Accounting

- To develop skills of Computer operations
- To develop skills on book keeping and accountancy concepts
- To develop skills to use computers for maintaining accountants
- To develop skills to work on online banking transactions
- To develop skills in computerized taxation
- Microsoft Windows
- Microsoft – Word, Excel, PowerPoint, Outlook
- Internet – Browsing, Searching, Emailing, E-commerce
- Accounting Software – Tally ERP9

Diploma Course in Computer Application-Web Designing

- To develop skills of Computer operations
- To develop skills on designing and implementing websites.
- To develop skills to develop websites for different business scenarios
- To develop skill where trainee can do web content writing / web content management.
- To develop skill to use and get well equipped with Web Management tools.
- To develop skill to upload and manage the websites
- Microsoft Windows ● Microsoft – Word, Excel, PowerPoint, Outlook
- Internet – Browsing, Searching, Emailing
- CorelDraw, Photoshop, Flash
- Dream viewer, HTML, DHTML, JavaScript's
- WordPress

Certificate Course in Computer Operating

- To develop skills of Computer operations
- Students to be able to operate the following applications –
- Microsoft Windows
- Microsoft – Word, Excel, PowerPoint, Outlook
- Internet – Browsing, Searching, Emailing
- CorelDraw, Photoshop

Certificate Course in Financial Accounting

- To Develop Skills of Computer operations
- To Develop Skills to work on online banking transactions
- To Develop Skills in computerized taxation
- Microsoft Windows ● Microsoft – Word, Excel, PowerPoint, Outlook
- Internet – Browsing, Searching, Emailing, E-commerce
- Accounting Software – Tally ERP9

Certificate Course in Web Designing

- To develop skills of Computer operations
- To develop skills on designing and implementing websites.
- To develop skills to develop websites for different business scenarios
- To develop skill where trainee can do web content writing/ web content management.
- To develop skill to use and get well equipped with Web Management tools.
- To develop skill to upload and manage the websites
- Internet – Browsing, Searching, Emailing ● CorelDraw, Photoshop, Flash
- Dream viewer, HTML, DHTML, JavaScript's ● WordPress

Certificate Course in Graphics Designing

- To Develop Skills of Computer operations
- Microsoft – Word, Excel, PowerPoint, Outlook
- Internet – Browsing, Searching, Emailing
- Multimedia Tools, Sketching and Drawing
- CorelDraw, Photoshop and Flash

Other Course

- M. S. Office ● C & C ++ Programing ● Dot Net Programing ● Java Programing
- Tally - ERP9 ● AutoCAD ● Spoken English ● Personality Development

CAREER OPPORTUNITIES

- Front / Back Office Work ● Computer Operator
- DTP Operator ● Graphics Designer ● Accountant ● Data Entry Operator
- Graphics Designing Firm ● Own Web Designing Firm
- Own Web Services Firm ● Free-lancer website designer ● Digital Marketing Services

Certificate Course in Smart Phone Repairing

- Handling of Tools, Equipment's& Measuring Instruments
- Basics of Electronics
- Smart phone technics
- Smart Phone Accessories
- Mobile assembling and disassembling
- Soldering and De-soldering techniques
- Smart Phone operating systems and applications
- Smart Phone safety and precautions
- Smart Phone hardware problems and troubleshooting
- Smart Phone software problems and troubleshooting

CAREER OPPORTUNITIES

- Repairing and servicing of handset problems
- Sales and service of Mobile phones and accessories
- Sales of Mobile phones accessories and spare parts
- Service technician at mobile phone service centers
- Assembly of mobile & Smart phone phones in a manufacturing company

Diploma Course in Fashion Designing and Jewelry Making

- Handling of Tools and Equipment's ● Sewing Machines –Parts, Function & Care
- Fundamentals of Stitching and Sketching
- Fashion Technology – Basic Tailoring, Pattern Making,
- Children – Baby Frocks, Fancy Frocks, Baba Suit, Sun-Suits, Fancy Dresses, Slacks
- Women – Different types of Blouses, Salwar-Kameez, Kurta Churidar, Pyjama, Housecoat, Night Suits, Petticoat, Sari, Skirts & Tops, Shorts, Tracksuit, Sleeves, Trimming, Pockets & Openings
- Garment Technology, Color Scheme, Drafting of Patterns
- Textile Design ● Hand & Machine Embroidery
- Illustration of Fashion Garments ● Introduction to Coral Draw, Photoshop, Internet

Certificate Course in Fashion Designing

- Handling of Tools and Equipment's ● Sewing machines –parts, function & care
- Fundamentals of stitching and sketching
- Fashion Technology – Basic tailoring, Pattern making,
- Children – Baby frocks, fancy frocks, Baba suit, sun-suits, fancy dresses, slacks
- Women – Different types of blouses, salwar-kameez, kurta churidar, pyjama, housecoat, night suits, petticoat, sari, skirts & tops, shorts, tracksuit, sleeves, trimming, pockets & openings

Certificate Course in Beautician

- Study of tools and equipments used ·Eyebrows
- Facial ·Bleaching·Haircut
- Hair coloring·Manicure and pedicure ·Waxing
- Scrubbing·Massage ● Makeup

CAREER OPPORTUNITIES

- Garment Shops ● Fashion boutique
- Tailoring shop ● Garment manufacturing unit
- Jewelry manufacturing unit ● Free lancing for fashion boutiques
- Service in garment manufacturing units ● Beauty parlor
- Free-lance beautician

Testimonials

Sidhant Kamble
AC and Refrigeration
Mechanic

“USDC is the best training Institute that provides practical based training to the student. After completing the course in AC & Refrigeration Mechanic from Pune Center I received job offer from Dubai based hotel industry. Now I am working in Dubai which is giving me global exposure and international experience. I am really grateful to USDC for the success got in my life.”

Shubham Bhandare
Electrician

“I really like the placement process of Unique Skill Development Center (USDC). Regular classes at USDC help us for our technical skills and soft skills. Everyone is working really hard for all students so that they could get easily placed in best companies, I was really happy because I got placed in my first ever placement drive.”

Namrata Jadhav
Financial Accounting

“I am thankful to all the teachers for their support. I like the infrastructure of USDC. The events that I took part helped me to grow my confidence level. I would like to specially thank the placement cell for guiding me and providing me a good platform for my career.”

Sagar Botkar
AC and Refrigeration
Mechanic

“Due to the efforts made by the faculty and placement cell at USDC i was able to bag a job. They always provided me with the assistance that i required for my overall development and to improve my technical knowledge. I will always be grateful to USDC team for providing me a platform of practical learning and preparing me for the corporate life.”

Rupali Gangulikar
Fashion Designing

“Studying at the USDC brought an added value to my life. It gave me an opportunity to learn a number of things. I have received a great support from faculties & placement office. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them.”

Ashwini Pawar
Financial Accounting

“I successfully completed Financial Accounting course in USDC. They have also placed me in AK Solutions. Now I am earning good salary. I am very thankful to USDC for giving this opportunity. Placement cell of USDC is very good. They provide a number of placement opportunities to the student with the best organizations & companies.”
